INFANT ROOM

It is April already and the children are growing up so fast! For the spring season, we will be exploring nature objects, such as leaves, sticks and rocks and seeing how they *feel* in our hands. What they look like, smell like, [and I'm sure the babies would like to see what it tastes like].

For Easter, we will have a family Easter egg hunt, April 2nd. At 3:00p.m. on the playground and a party afterwards, parents are invited to come join in the fun!! Please feel free to bring snacks and safe party favors, to share. This should be a great opportunity for parents to visit with other parents and share experiences. If you have any ideas for our classroom please let us know, we love your suggestions. Melodie, Angie, Mary, Sandy & Shantel

Orange Room

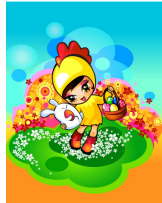

Hello parents, my name is Holly Berry, I am the new group leader in the Orange room. I love my class and all the wonderful children in it. I look forward to getting to know all of you as the year goes on. This month we will be doing life size 3d copies of ourselves. To do this project, we need some things from home; like old cloths to dress up in. We will also talk about things that make us unique. We are also working on using words to solve conflicts and problems in the class with peers and teachers. *Remember* spring is here and so are spring snows and mud, please dress them for the weather. If you ever have questions please ask. Thank You, Ms. Holly, Ms. Misty & Danielle

margarine container, small yogurt container or similar plastic container
dried beans, sand, rocks (these are a lot of fun to collect outside!) or something like that
stickers, paint, markers, construction paper, etc to decorate

Instructions:

Decorate outside of container as desired.

You can cut out shapes from construction paper or paint it or glue on white paper and color with markers.

Add stickers for extra fun!

Fill about 1/4 or less of the way full of dried beans (or similar material)

Put a bit of glue around the edge of the lid and put it on tightly.

You can put a thick rubber band over it to ensure the lid stays on tight if the kids don't want to wait for the glue to dry.
