CHILDREN'S SERVICES NEWS

Children's Services is in full swing with many upcoming attractions for children and families.

Michelle Trenhaile recently was awarded an ECHO grant to help enhance our playgrounds at Starpoint Children's Services. The playgrounds will be inspired by natural landscapes and incorporate flowers and plants that the children can study and maintain.

The ECHO grant is a matching grant so if you have any resources or would like to be part of the building project call Michelle at 719.275.0550.

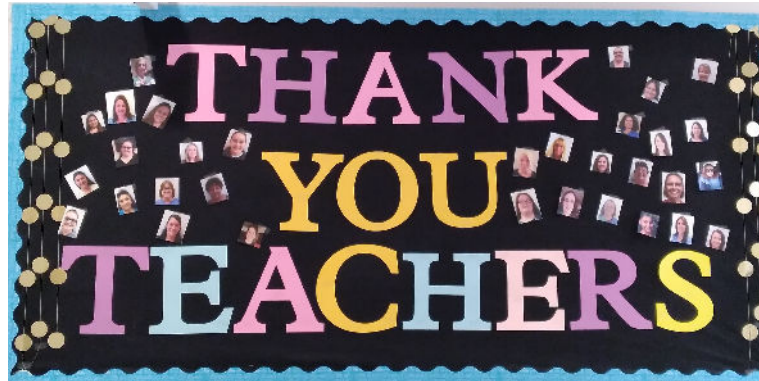

Kathy and Sadie were also awarded a grant through Farm to Early Childhood Education. The grant will provide raised garden beds, soil, equipment and plants. Our staff, children and families will have the opportunity to maintain and learn to cook and preserve fresh fruit and vegetables.

Children's Services is excited with the upcoming improvements and are really wanting more parent involvement in our programs community. Please call us to see how you can be involved.

We are in need of participants for Early Head Start. Our program has been impacted by the pandemic and our enrollment is very low. If you know pregnant women and children up to age three please send them our way! We will also provide a small gift to you for your referral to the program.

HAPPY TEACHER APPRECIATION WEEK!

EARLY HEAD START SOCIALIZATION LINE-UP!

Lunch will be served
